Staying up to speed with the global pharmaceutical industry can divert critical time, money and resource away from your core business. But if you can’t identify - and target - high-quality leads, your sales strategy is destined to under-deliver.

When it comes to pinpointing game-changing opportunities, an incredibly efficient lead-generation approach is worth its weight in gold. That’s where our intuitive Market & Customer Insights Tool comes into its own.

THE MARKET & CUSTOMER INSIGHT TOOL IS BUILT AROUND 3 CORE COMPONENTS:

1. CUSTOMER INSIGHT
   for an in-depth insight into your client base

2. MARKET INSIGHT
   for a rigorous analysis of your key markets

3. WORKFLOW TOOLS
   to streamline and optimise the way you work
THE INTEGRAL PART OF THE GLOBAL PHARMACEUTICAL COMMUNITY

Rumours, Announcements, Contract Wins, Social Media Broadcasts, Survey Responses, Supplier Changes, Product Developments, Personnel Changes, Sentiment, Blogs

Company Listing Details, Product Information, Opinion Pieces, White Papers, Services Information, Features, Event Notifications, Industry Project Information

CUSTOMER INSIGHT

Hindsight is a valuable commodity, but it’s foresight that really defines sales success in your key markets.

Backed by actionable sector-specific analysis and insight, this cutting-edge business intelligence tool is designed to help you anticipate profitable sales opportunities in your core marketplace before they appear on your competitors’ radar.

And in today’s competitive landscape, staying one step ahead of your peers is all about maximising efficiency.

REINFORCE YOUR SALES STRATEGY WITH A COMPELLING RANGE OF INDUSTRY INTELLIGENCE

DAILY UPDATES

UNPARALLELED ANALYSIS DELIVERED BY INDUSTRY EXPERTS

ACCESS TO TIMELY HISTORIC & FORECAST DATA FOR KEY ECONOMIC INDICATORS GLOBALLY

46,500 COMPANY PROFILES

142,000 TENDERS

48,500 DEALS TRACKED

48,500 DEALS TRACKED

142,000 TENDERS

48,500 DEALS TRACKED
When you’re competing with your peers for key industry contracts, it’s vital to be first in line for new tender alerts.

Our industry experts will save you time and effort by tracking/analysing a vast array of online sources including blogs, networks and social media for breaking deal announcements.

Our innovative, proprietary technology, expert analysts and extensive network of contacts in the industry enable you to:

- **OPTIMISE** your tender process by reviewing tender success stories and gaining an understanding of other companies’ tender-winning strategies
- **MAXIMISE** sales efficiency by receiving only relevant tenders
- **STAY ONE STEP AHEAD** of your competitors with our early tender alerts

**CUSTOMER INSIGHT**

EACH MONTH, WE RECEIVE HIGH-QUALITY INFORMATION ON OVER 142,000 TENDERS SUBMITTED BY OVER 46,500 COMPANIES
The global pharmaceutical industry never stands still. That's why we focus on giving you a critical first-mover advantage by keeping you up to speed with the latest industry news, trigger points and events that will affect you and your client base.

**Capitalise on Unique Industry Insights**
As a trusted leader in our field, we receive deal and contract information directly from the industry itself. With privileged access to that information before it reaches a wider audience, you benefit from having access to breaking information before most of the market even knows about it.

**Pinpoint the Right Targets**
To maximise your chances of winning new contracts and customers, we leverage our extensive network of industry contacts to deliver value-added insights into the key decision-makers in your target market. Our tool will help you analyse your client base for clear visibility on your market penetration.
OPTIMISE YOUR SALESFORCE AND MAXIMIZE YOUR MARKETING EFFICIENCY

CUSTOMER INSIGHT

Our comprehensive database features over 46,500 detailed company profiles, which are updated on a daily basis.

By providing you with lucrative leads and opportunities, based on incisive business intelligence, our Pharmaceutical Technology Market & Customer Insights Tool streamlines your sales strategy and frees you up to focus on what you do best - shaping and growing your business.

Industry experts estimate that 23% of sales team time is wasted on sales pitches to the wrong companies.
By capitalising on our primary, proprietary research, you can glean priceless insights into market sentiment and buying trends.

You can also use this tool to research new geographic markets and investigate new applications of your product or service. Our innovation reports give you a vital breakdown of the market drivers so that you can build your strategy around the best opportunities.

Success in your chosen market relies on a solid awareness of the fundamental drivers that influence it. Through our partnership with Timetric, a leading global provider of online market data, analysis and advisory services, we can provide unrivalled market data to help you to understand the macroeconomic environment that you are operating in.
MARKET INSIGHT

OUR EXTENSIVE NETWORK

Our extensive network of industry contacts are regularly and rigorously surveyed. These surveys and fully maintained Pharmaceutical industry panels help shape our research output.

Pharmaceutical Technology is part of a brand portfolio owned by our parent company, including a number of specialised publications and conferences for the industry.

This unique community of experts enables us to engage and share research and knowledge on a daily basis.
UNDERSTANDING THE MARKET ENVIRONMENT THAT UNDERPINS YOUR BUSINESS IS THE FIRST STEP TO FORMULATING A STRONGER SALES STRATEGY

Data includes:

- Expenditure, Annual Sales, GDP Private Consumption Expenditure, Private Consumption, Consumption Expenditure, Pharmacies & Drug Stores Sales, Total Industrial Production, Total Health Expenditure, Employment Number

Your Macro Economic Environment

- Better understand your suppliers to help improve your margins and help drive innovation of your products
- Assess the threat of new entrants in your market by utilising our tenders analysis tool to find out who’s winning what contracts
- Analyse your current client base against your potential client universe for improved customer insight
- Gain an understanding of competitive threats in your market

Understand your competitive position through our extensive company profiles
QUICK, EASY AND INTUITIVE

Our interactive and easy-to-use workflow tools aim to provide you with a seamless experience of finding data and manipulating it into a visual format that best suits your needs.

We offer you simplicity and access to our information, analysis and insights in a quick and intuitive manner.

FIND THE RIGHT INFORMATION QUICKLY

Our Intelligence Center organises all of your content in a clear and transparent manner. Together with its advanced search and filtering functionality, the Intelligence Center makes it easy to find what you’re looking for.

PART OF YOUR WORKFLOW

Our platform is designed to work efficiently and seamlessly with your current workflow. Data, charts, images and text can all be isolated, clipped and exported to a format of your choice – whether that’s to drop in a presentation or analyse in a spreadsheet.
market & customer insight

VISUAL TRENDS
Our leading-edge visualisation tools allow you to easily chart, plot and manipulate the various datasets in order to discover underlying patterns.

ASK AN ANALYST
When you need more information or want the benefit of expert insight, the “Ask an Analyst” function provides direct access to our analytical teams.

ABOUT PHARMACEUTICAL TECHNOLOGY

Web Traffic
pharmaceutical-technology.com generates 52,000 visitors a month from over 127 countries.

The pharmaceutical-technology.com daily newsletter goes to 250,000 pharmaceutical decision makers.

User Audience
Every single day, pharmaceutical-technology.com is used by executives, senior managers, and buyers among others at major worldwide exploration and production organisations.

Advertisers
Our high-profile advertisers include World Courier, Boehringer Ingelheim, Merck Millipore, Nycomed, Sanofi Cepia, UPS Healthcare and B Braun.

Data Points
We monitor a broad spectrum of data points including visits, page views, time spent, unique visits and inbound enquiries.
Kable provides an unparalleled understanding of key global markets and industries for our international client base.

With a reputation built on our insights and reach across UK public sector markets and the ICT industry, we now provide intelligence on a global scale covering hundreds of thousands of organisations across every major vertical sector.

We have been serving businesses which sell to industries since 1990, developing methodologies and tools to structure organisation-level data at scale. Our dedicated focus means that we are better placed than anyone to understand the shape and dynamics of the markets we cover.

We provide daily analysis, opportunity identification and commentary on commercial firms, public bodies, industries and geographic markets, all designed to integrate with our clients’ core sales and marketing functions. We aim for our analysts to become an extension of our client’s business development functions, facilitating better market planning, targeting and client engagement.
